1.2 Our Brand
1. OVERVIEW

The purpose of this Facilities Branding Guidebook is to bring the Kennesaw State brand to life and create consistent experiences on our campuses. We want to brand our facilities in a consistent, on-brand manner that inspires our current and prospective students, faculty, and staff.

This Guidebook contains suggestions for the varied types of environments we have throughout our campuses and provides tools and resources to assist with branding. The Office of Strategic Communications and Marketing (StratComm), along with Facilities Services, will partner with you to design and brand your spaces.

1.1 HOW AND WHEN TO USE THIS GUIDEBOOK

Bringing a brand to life consistently in three-dimensional spaces requires forethought and planning. Please reach out at the start of your planning process to involve StratComm and Facilities Services. By using this Guidebook and including StratComm and Facilities Services, we can partner together to implement high impact branding that meets your objectives and budget needs.
1.2 OUR BRAND

When some people hear the word “brand,” they think “logo” — a signature typeface, a captivating color scheme, a clever mark.

But a brand can—and should—be much more. A strong brand is the expression of everything we do, say, and deliver. It’s a unifying identity that distills our spirit and serves as a powerful visual reminder of our mission. It has reflections of who we are and points to the promise of what we can become.

At KSU, we believe in the power of our brand. It’s the articulation of our student-centered focus and our commitment to explore, collaborate, and unite a diverse spectrum of backgrounds and talents. It represents openness, challenge, and opportunity. It channels the spirit of what it means to be Owls, and it lights the path so that together we all ascend to new heights.
1. OVERVIEW

OUR MISSION

At Kennesaw State, we serve as a powerful example of the impact a student-centered, research-driven university education can deliver. At KSU, students become the individuals people want as colleagues and leaders.

OUR VISION

Kennesaw State will exemplify the power and promise of a student-centered, research-driven university. Authentically diverse, uniquely attainable and endlessly impactful, we will unleash the potential in every student we serve.

BRAND EXPERIENCE

WE’RE AN EXPERIENCE BRAND

Unlike a product off the shelf, an Experience Brand is, by definition, built on relationships and interactions. And unlike consumable brands that are often driven by mass-media advertising, experience brands create their bonds through multiple touchpoints, most importantly through interactions with the people and places that live the brand every day.

Our brand is delivered and defined by our talented faculty, administration, and staff who make students the center of their universe. The spaces in which we interact on our campuses branded properly can provide further support and inspiration for bringing the KSU brand to life.

Patterns can be used as a branding element throughout KSU spaces on walls, glass, and other surfaces. The icon, text, and graphic patterns communicate our brand themes. Patterns also can be used to provide intuitive wayfinding.

The use of powerful words that describe the KSU brand is another powerful pattern possibility.

Photography is a powerful visual tool to bring our brand to life. Images can be applied to walls and used in framing systems in groups or a series. 6.5 INTERIOR AND EXTERIOR SIGNAGE STANDARDS

Signage serves an efficient function of identifying our numerous locations, both interior and exterior, and assisting with wayfinding. Consistency and readability are essential when designing, specifying, and displaying signage.

This Guidebook provides Kennesaw State's standards for interior and exterior signage on the Kennesaw and Marietta campuses. While signage consistency across both campuses is desired, it is not entirely possible due to the legacy signage on both campuses. Therefore, there are standards for each campus.
